The order of the dasha lord planets, their respective individual durations and total time-cycle (=36 years) are common to both the Yogini and Shat-Trimsha Dasha-systems - except for the single difference that the commencing dasha becomes different in the two cases.

Parashara's recommendation is that if birth takes place during day-time in Sun's Hora or in night-time in Moon's Hora Shat Trimsha Dasha-System should be adopted.

As an extension to this principle, if birth takes place in night time in Sun's Hora or in day-time in Moon's Hora, Yogini Dasha-System should preferably be employed.

Predictions On The Basis of Planet Positions

Ascendent Result

Your Ascendant is Leo. Your Ascendant-lord is the Sun, which will act as the super-benefic planet in your chart. For being the lord of an angle and a trine both, Mars happens to be the 'yoga-karaka' planet in your chart and is a benefit-giving planet for you.

By virtue of being born in Leo Ascendant, although you may not have a ponderous body, you will be handsome, ambitious, courageous and valiant. You will have a sense of pride and a strong desire to rise far above the average. With strong will-force and firm resolution, your eyes will always be set on your goal and this will enable you to secure a distinct placement in life. You will have a deep sense of freedom and self-respect; although you will have high respect for the top rankers in any field, you will resent being bound to obey other people's orders. There might be a contradiction in your behaviour that you may not allow much freedom to your subordinates, although you will have much of compassion for them. You will relentlessly work for your self-improvement and will be able to magnetically attract other people towards you. In spite of being aggrieved for misplaced trust, you will always remain honest to the core and will become well-known for your strict principles and high ideals.

Result for Planets in Signs

Sun

In your chart, the Sun is placed in sign Aquarius. Unless the sign-lord Saturn is strong and well-placed in your chart, you are likely to suffer from cardiac disorders during sometime of your life, in which respect you should adopt preventive and precautionary measures. You will have a tolerably good disposition, free from malice or deceit; still you may be somewhat proud and vain, desirous of bearing rule and ostentations. You should try to curb your undesirable tendencies, otherwise you may end up having endless quarrels with your very own people including your spouse, progeny and kinsfolk.

Mercury

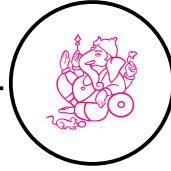

In your chart, Mercury is placed in sign Capricorn. Unless the sign-lord Saturn is well disposed, you may have a suspicious nature and ill temper; you might become unfortunate to self and disagreeable to others. You may acquire a cunning nature and perverse disposition, make friends with mean people and become addicted to bad habits. You will travel a lot and will have many sudden changes in life. However, if Jupiter aspects Mercury, then the situation will be considerably improved for the better.

Venus

In your chart, Venus is placed in sign Aquarius. It will give you a quiet, affable nature, peaceable nature -- not inclined to vicious actions. You will be courteous in manners, obliging to all and respected by friends and acquaintances in general. However, if Venus is afflicted by malefic planet(s), then you may fall from your moral duties, become dishonest, be troubled by vices and suffer from ill-health. If Venus is with or aspected by benefic planet(s), then you will be really fortunate and happy.

Mars

In your chart, Mars is placed in sign Pisces. This is not a fortunate position; you may not be active and may have a careless, self-indulgent nature. If a malefic planet is in an angle (kendra) from Mars, while it is neither associated with or aspected by benefic planet(s), then you may become capricious and excitable, being deficient in courage and resolutions. You may have to live in a distant place, your children may suffer from itchy ailments and you might become worried on account of over-expenditure.

Jupiter

In your chart, Jupiter is placed in sign Libra. This is a fairly good position; it will give you a mild temper, winning manners and obliging disposition. You will have a tall, upright stature, a very handsome form and inviting face; with your presence itself, you will be able to command respect. But, as regards health, the position is not very good; you may suffer from ulcers or the like, lose appetite and eat food in limited quantity only. You might be somewhat unhappy on account of your spouse or children.

Saturn

In your chart, Saturn is placed in sign Aries. It may give you a ruddy complexion and a spare, raw-boned structure. You may tend to be boastful, excitable and petulant, yet you will be resolute and independent. You may not be in good terms with your mother or your relatives, may incur losses through litigations and may wish to live in a distant place. You may acquire some addictions and may suffer from some secretive or skin disorders. You have the risk of receiving injury on your head or face.

Moon

The Moon is situated in sign Virgo in your chart; so your 'Janma-Rashi' (or Chandra-Lagna) is Kanya. Your mental qualities and certain other characteristics will be governed by this feminine, earthy, human and common sign and, to some extent, by its sign-lord Mercury.

Moon in sign Virgo is not considered very beneficial as rather than being practical, you will be bogged by minute details; on the good side, you will tend to concentrate more on literature and arts and you might be fascinated by the journeys to and life in distant lands. Thus, inspite of having some very desirable abilities, your mental inclinations may prevent you to put these in useful applications and your financial gains could only be limited. But if the Moon is involved in some good yoga with other planet(s), then the situation will be much improved and you will perform some really very commendable actions and receive due acclaim.

Rahu

In your chart, Rahu is placed in sign Aquarius. This is the best position for Rahu, more so if Saturn or Jupiter is also well-placed. It will make you intelligent and clever as well; you will have good education, many friends and gains from various sources. If the Moon is also with Rahu, then your mother's health and well-being may cause you concern but you will have good gains from land and agricultural products. If Mars or Jupiter is with Rahu, then you would suffer from high blood-pressure. If Rahu is situated in Satabhisha star, then you will have good gains and receive benefits through friends.

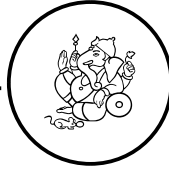

Ketu

In your chart, Ketu is placed in sign Leo. This is a favourable position for Ketu, more so if the Sun is also well-placed or Jupiter aspects it. It will make you intelligent and clever as well; you will have good education, many friends and gains from various sources. If the Moon aspects Ketu, then your mother's health and well-being may cause you concern but you will have good gains from land and agricultural products. If your Ascendant is Leo, then you may have some distinct differences with your spouse. However, if Ketu is situated in Magha star, then you will have good gains by your own efforts.

Uranus

In your chart, Uranus is placed in sign Virgo. You will tend to become worried or upset rather easily and may have the habit of twitching of the eyes or of running fingers through the hair. You may frequently lose patience with others who might refuse to adhere to instructions and routine. You may be a good school-teacher; but if you are in some other profession, you may antagonize your co-workers and may fail to motivate them. You should start viewing the world through other people's eyes.

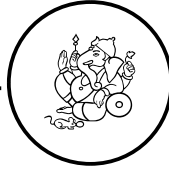

Neptune

In your chart, Neptune is placed in sign Scorpio. If Neptune is associated with or aspected by Jupiter or Venus, then your psychic capacity might be more accentuated and you may possess the ability of divination and foretelling. If Neptune is afflicted by malefic planet(s), then you may have coarse features with your sensuous side intensified. You may become jealous and may have a nasty temper.

Pluto

In your chart, Pluto is placed in sign Virgo. It tends to make the body slim, but keeps it fit and fine. If Mercury is well-placed or if Jupiter or Venus is associated with or aspects Pluto, then it will give you an exalted view of self-importance. But if Mars or Saturn is in square or conjunction with Pluto, then it will give you a bullying tendency of hurting them who disagrees with your views or attitude.

Prediction On The Basis of Bhavas

Ascendant Lord

In your chart, the Ascendant-lord is situated in the seventh house, which is called the house of spouse (Kalatra). Besides, this house also governs over desires, passion, infatuation, roads, ways, policies, people and public dealings, trade, private business enterprises, foreign affairs, foreign journeys, partnerships/ collaborations, etc. As for being in the 7th, the Ascendant-lord aspects the Ascendant in your chart, you will be fortunate in one or more such respects. Your longevity will be high and you are likely to get married at a relatively early age; you will enjoy a very long married life with your spouse who will be very caring and considerate and is likely to be dearer than your life. You will have an open mind and frank disposition; you will be able to develop and retain healthy relationships with people you would come across. If the 7th-lord is also well-placed, you are likely to make a fortune through trade and may derive benefits from partnerships or collaborations; but if the 6th-lord is stronger, then you may do better in service in private organisations. If the 9th-lord is strong, you may have foreign journeys or may acquire wealth through foreign trade; if the 12th-lord is also strong, then you may stay in foreign places for long.

Lord of 2nd House

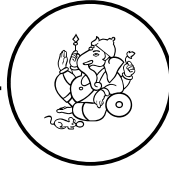

In your chart, the second-lord is situated in the sixth house, which is called the house of disease (Roga). If your Ascendant is Aries, then this is not a favourable combination as your 2nd-lord Venus will become debilitated (neecha) in unfavourable house; your family-members are likely to suffer from diseases and some of them might become inimically disposed towards you -- unless there are some modifying combinations present in the chart. If the 2nd-lord is associated with or aspected by a natural malefic planet who is neither exalted nor in own house, then you may become prone to suffer from many diseases, although it will make you fortunate in certain other respects like having victory over your enemies. As the 2nd-lord aspects the 12th house, it may cause some wasteful expenditures and even losses. As the 6th house is in trine to the 10th house, you are more likely to be in service; if the 6th-lord is well-placed or if a natural benefic planet is situated in the 6th house or aspects it, then you will remain in good health, may win in competitions or competitive examinations and may get prestigious and lucrative jobs.

Lord of 3rd House

In your chart, the third-lord is situated in the seventh house, which is called the house of spouse (Kalatra). You are likely to have a highly passionate nature and may have a deep-seated desire for the company of the members of the opposite sex. Your spouse may hail from the house of a relative of your relative or from your acquaintances residing in your neighbourhood. If a natural benefic planet is situated in the 7th house or aspects it, then your younger co-borns will be very helpful to you; if in addition, the 7th-lord is also well-placed, then you may run a partnership business with your younger co-born(s) or with an acquaintance residing in your neighbourhood. If a natural benefic planet is situated in the 3rd house or aspects it, then you may be in printing business and may own a Press. But if natural malefic planet is situated in the 7th house or aspects it, then your younger co-borns may not be helpful to you; if in addition, the 7th-lord is also ill-placed, then you may have quarrels with your partner(s) and face much of opposition from your cousins or neighbours. If your Ascendant is Capricorn, then the 3rd-lord Jupiter exalted in the 7th and aspecting the Ascendant, the 3rd house and the 11th house will make you very rich.

Lord of 4th House

In your chart, the fourth-lord is situated in the eighth house, which is called the house of longevity (Ayus). You must need to be specially careful when you will be crossing over the bridges or will remain on or over the surface of large watery bodies like lakes, rivers, etc -- more so if you are a male person. This position is never good as chances of drowning is feared -- which may even lead to tragic death prematurely -- unless modifying combinations are present in the chart. Worst becomes the case if the Ascendant is Aries as the 4th-lord Moon, becomes debilitated in the 8th. However, the condition will be considerably improved if Jupiter or Venus is situated in or aspects the

8th house while opposite would be the result if the 8th house is influenced by a natural malefic planet. If the Moon is either associated with or aspected by a natural malefic planet, you may lack peace of mind altogether and the health of your mother might cause you serious concern. If Mercury is ill-placed, education might be affected; but if Mercury is well-placed, it will give 'application-oriented' education and you may have interest in occult subjects. If Mars is associated with or aspected by a natural malefic planet, there could be quarrels in your family and chances of losing property through impetuous capturing, litigation or calamitous happening will hang on.

Lord of 5th House

In your chart, the fifth-lord is situated in the third house, which is called the house of courage (Vikrama). If the 5th-lord is a natural malefic planet or if such a planet is situated in the 3rd, then you will become bold and courageous; if the malefic planet is in 'retrograde' motion while the 3rd-lord is associated with or aspected by natural malefic planet(s), then you might face serious traffic accident(s) while returning home back -- once or more in your life. As the 3rd house indicates the lower mind while the 5th house indicates love-affairs, speculations, etc., you may have deep-seated desire for having the company of the members of the opposite sex; your mind might remain absorbed in calculating the possible gains from speculative sources and if the 3rd-lord is well-placed, you may earn a lot from speculations. If Venus is well-placed, then you may have good gains from entertainment fields; if Mars is well-placed, then it might be from sports and if Mercury is well-placed, then it might be through your writings covering such fields. If a natural benefic planet is situated in the 3rd house or aspects it, it will make you fortunate in respect of your younger co-borns and if a natural benefic planet is situated in the 5th house or aspects it, it will make you fortunate in respect of your own children. If your Ascendant is Capricorn or Pisces, then your 5th-lord will be exalted in the 3rd and you can look forward to having results of the very best kind.

Lord of 6th House

In your chart, the sixth-lord is situated in the ninth house, which is called the house of fortune (Bhagya). If your Ascendant is Capricorn, then the 6th-lord Mercury who is the 9th-lord also will be exalted in the 9th; this will make you fortunate in respect of your father and also in respect of higher education which might be medicine. If your Ascendant is Cancer, the 6th-lord Jupiter who will be the 9th-lord also will be in own house in the 9th and offer similar beneficial results. You may do well in a distant place or foreign country and may become employed in educational establishments. Otherwise, the position is not very good as you may not be very fortunate. You might be in service with meagre earnings and your prospects could be limited. However, if the 9th-lord is in own house, you may win in competitive examinations and be well-placed in service; if a natural benefic planet is situated in the 9th or aspects it, then you might be in lucrative employment. Besides, you will remain in good health, your relationship with your relatives will be very cordial and you may receive benefits from your relatives. But if a natural malefic planet is situated in the 9th or aspects it, then you may not be very fortunate; you may have job-changes quite a few times, have to live in distant places but still may not be able to improve your fortune much.

Lord of 7th House

In your chart, the seventh-lord is situated in the ninth house, which is called the house of fortune (Bhagya). As a kendra-lord placed in a trikona house, the 7th-lord becomes a temporal 'yoga-karaka'; it favours material prosperity and, if Mercury is well-placed, then it is good for education also and you may have 'application-oriented' education. If the 9th-lord is well-placed or if a natural benefic planet is in the 9th or aspects it, then you will have higher education : if your Ascendant is Aries, you may study law while if the Ascendant is Capricorn, you may study medicine. If your Ascendant is Taurus, the 7th-lord exalted in the 9th will make you highly fortunate. You may have foreign journeys and may earn your fortune through foreign trade. Your spouse may come from a foreign country or a distant place or he/ she may go to such a place. If a natural benefic planet is in the 9th or aspects it, then your spouse and you will have religious inclinations and will perform religious rites. But if a natural malefic planet is situated in the 7th or aspects it, then you may have an arrogant attitude and quarrelsome disposition. If your Ascendant is Leo, the 7th-lord who is the 6th-lord also will be debilitated in the 9th; your father may not be well-placed in service, you yourself may face problems from your enemies and opponents, inimical relatives may openly oppose you

while your prospects from a foreign country or a distant place could become obscure.

Lord of 8th House

In your chart, the eighth-lord is situated in the Ascendant, which is called the house of body (Tanu). If your Ascendant is either Aries or Libra, then your 8th-lord in such a position will act more as Ascendant-lord situated in own house in Ascendant. In such case, you will fortunate in all your affairs in general and your longevity will be high. But, in all other cases, this situation is not good; if the 8th house is associated with or aspected by a natural malefic planet or if the 3rd-lord is stronger than the 8th-lord and Saturn is also not well-placed, then even longevity (in case of male) or marital well-being (in case of female) will demand careful consideration. Nevertheless, this position is almost a sure indicator of the possibility of becoming a victim of serious accidental mishap or some other untoward happening of serious sort. The position will be improved if a natural benefic planet is situated in or is aspecting your Ascendant or in case if your Ascendant is Cancer since the 8th-lord will be the 7th-lord as well. But in addition if the Ascendant-lord is also in the 8th house, then a grave sort of tragic misfortune is feared.

Lord of 9th House

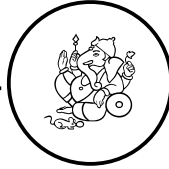

In your chart, the ninth-lord is situated in the eighth house, which is called the house of longevity (Ayus). Besides, the 8th rules over obstructions, misfortunes, etc while the 9th rules over father, fortune, foreign country, etc. If your Ascendant is Gemini, then the 9th-lord will become the 8th-lord also and being placed in own house will give auspicious 'Veepareeta Raja Yoga' results; your longevity will be high and you will have good gains through inheritance. Otherwise, this position is not good. If the Sun is not well-placed, then your father may lose his fortune by incurring losses in a distant or foreign place. If Mercury is not well-placed, then your higher education might be interrupted or abandoned. If you are a female, then you may have difficult childbirth. If a natural benefic planet is situated in the 8th or aspects it, then the situation will be considerably improved; but if a natural malefic planet is situated in the 8th or aspects it, it will worsen the condition and you may fall from your ideals. If in addition the 7th-house is also ill-disposed while both Jupiter and Venus are ill-placed, then losses through litigation is feared. If your Ascendant is Aquarius, then you may be bereft of good conduct or may face accidental mishaps near water.

Lord of 10th House

In your chart, the tenth-lord is situated in the seventh house, which is called the house of spouse (Kalatra). It indicates that you will be an active person and you will be fortunate in respect of your profession; you may run your own business or may be well-placed in a big and reputed organization. If Jupiter and Venus are well-placed in your chart, then you may become a lawyer. If your Ascendant is Aries, then the 10th-lord will become exalted in the 7th; then you will become a reputed professional or a big business-man; similar will be the results if your Ascendant is Gemini or Sagittarius where the 10th-lord will be the 7th-lord too -- for being situated in own-house, it will give the beneficial results of 'Pancha Maha-purusha Yoga' and you will become well-settled in life. Your life-partner might hail from your sphere of profession and/ or she/ he would work in double harness and will actively assist you for fulfilling your aspirations. If Mars or the Sun is also in the 10th, or if Saturn or Rahu is in the 7th, then you will secure a powerful position as the planet will gain directional strength. If a natural benefic is in the 10th or the 7th or aspects either of these two houses, you will be a purposeful and praiseworthy person. You will understand human nature very well, may do well in marketing and shine forth as an efficient negotiator.

Lord of 11th House

In your chart, the eleventh-lord is situated in the sixth house, which is called the house of disease (Roga). If your Ascendant is Gemini or Sagittarius, then the 11th-lord will be situated in own-sign in the 6th and will offer beneficial results. If your Ascendant is Pisces, then the 11th-lord will act more as the 12th-lord and being placed in the 6th will give the beneficial 'Veepareeta Raja Yoga' results. Otherwise, this is not a very favourable position. Although it ensures success in competitive examinations, you may remain in service and your earnings may become limited. As the 11th is the house of friends while the 6th is the house of enemies, some of your friends may become inimically disposed towards you. If the 6th-lord is not well-placed or if a natural malefic planet is situated in or

aspects the 6th, then you may suffer from some disease. If in addition, Rahu or Ketu is situated close to the 11th-lord, then you may suffer from some diseases difficult to diagnose or difficult to cure; alternately, you may have undesirable associations, unusual or unrealistic aspirations and may come under the grip of some vicious addictive habits. Since the 11th is the 8th from the 4th while the 6th is the 3rd from the 4th, the health and well-being of your mother may cause you concern -- more so if the Moon is not well-disposed. If Mars is not well-placed, then some untoward happening or calamitous cause may rob away a major part of your property.

Lord of 12th House

In your chart, the twelfth-lord is situated in the second house, which is called the house of wealth (Dhana). If your Ascendant is Sagittarius, then the 12th-lord will be the 5th-lord also; in the 2nd it will be exalted and will give 'Dhana Yoga' results; you will have influx of wealth and will be very happy. Otherwise, this is an unfavourable combination and gives rise to unfavourable 'Dainya Yoga' as the 12th-lord which signifies losses is never desirable in the 2nd which is the house of wealth. As the 12th indicates medical and wasteful expenses and hospitalization while the 2nd indicates the family, the possible results can be summed up easily. However, if the 2nd-lord is well-placed and if a natural benefic planet is situated in the 2nd or the 12th or aspecting either of these two houses, then the results will be improved. If Jupiter influences the 2nd house by position or aspect, then some member of your family might go to a distant place or a foreign country for residing there for long; if Venus influences the 2nd house, then marriage-ceremony may be the reason for such 'leaving'. If your 2nd-lord is a natural benefic planet, it will give you good eye-sight and will make your speech pleasing -- if there is no contrary combination present in your chart. But if the 2nd-lord is a natural malefic planet, then for obtaining favourable results, we would have to check for the presence of beneficial planetary combinations involving the 2nd house and its lord.

Results for Planets in Houses

Sun

Since the Sun is situated in your 7th house, you will be fortunate in many respects; this will be more so if the Sun is exalted or in own house. If your Ascendant is Libra or Aquarius, then you will be running a brisk business and will have good gains from government sources; alternately, you might be a ranked person in a reputed big organisation. But if your Ascendant is Aries, then you may have love-marriage and if Venus is not well-placed, then your married-life may not be very peaceful and happy; besides, you may have to face a long-drawn law-suit. If your Ascendant is Pisces, then you may suffer from some diseases -- more so if Mercury is not well-placed; you and your spouse may have a relative in common but differences with your spouse may mar your happiness in marriage, your marriage-relations may become inimically disposed to you and they may drag you to the law-court. Otherwise, your spouse is likely to hail from a very respectable family and your fortunes will be considerably improved after marriage -- more so if Venus is also well-placed. You might become interested in active politics and may even contest in local elections; alternately, you might become a respectable member of a governing body of some prestigious institution.

Mercury

Since Mercury is situated in your 6th house, you will be fortunate in many respects; you are likely to remain in service and have good gains. If the Moon is with it or aspects it while the 10th-lord is also similarly disposed, then your profession may have some connection with a hospital, nursing home, etc. If your Ascendant is Aries, Cancer, Scorpio, Capricorn or Aquarius, then you will enjoy favourable 'Veepareeta Raja Yoga' results. If your Ascendant is Aries, you will be well-placed in service as Mercury will be exalted in the 6th; but if your Ascendant is Libra, then Mercury will be debilitated in the 6th and you may suffer from some diseases affecting your feet if Jupiter is not well-placed. If your 6th-lord is not well-placed, you may not be in good health and suffer from dyspeptic complaints owing to excess of mental or nervous actions. If Mercury is 'combust', then you may suffer from eye-complaints and skin diseases.

Venus

Since Venus is situated in your 7th house, you will be very attracting looking and your spouse will also be very beautiful -- this will be more so if your Ascendant is Virgo as Venus will be exalted and also if your Ascendant is Aries or Scorpio as Venus will be in own house; in all these cases, you will enjoy the beneficial results of 'Pancha Maha-purusha Yoga', will have a luxurious house and own a prestigious vehicle as well. This is a felicitous position for Venus as it confers happiness in marriage and success in partnership/ collaboration. You will have success in public relationships and peaceful termination to all kinds of strifes. If your Ascendant is Pisces, then debilitated Venus may give you some problems in married life or in business -- from partners. However if Mercury is well-disposed or if Jupiter is also in the 7th or aspects it, then the problems will be wiped away but if a natural malefic planet is situated in the 8th, then you may have some legal problems and if the Sun is situated in the 8th, then you may have it with the govt.

Mars

Since Mars is situated in your 8th house -- unless Mars is exalted or is situated in own-house or is associated with or aspected by a natural benefic planet -- you are more apt to live dangerously -- in quite a literal sense of the term -- and during your active life you may find special pleasure by playing with fire. It will be more so if you are a male person; you may actively take part in adventurous explorations and/ or may become adept in martial arts. If a natural malefic planet is with it or aspect it, then you may take part in physical combat and might even be tempted to take the law into your own hands. If the 8th-lord is well-placed and the Ascendant-lord is also similarly disposed, you won't have the risk of facing a premature exit to the other world. If your Ascendant is Gemini, then exalted Mars in the 8th might give you a hair-breadth escape while if your Ascendant is either Aries or Virgo, then own-house Mars will save your life -- if there are no affliction in your chart. If your Ascendant is Sagittarius, then you may face a serious accidental mishap in a far-away place and if a natural benefic planet is with Mars or aspects it, you will pull through. In other cases, if another malefic planet or the Moon is close to Mars, you may have to face a violent end.

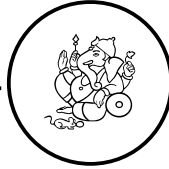

Jupiter

Since Jupiter is situated in your 3rd house, you will be highly fortunate in respect of co-borns, cousins, relatives, friends, acquaintances, neighbours, attendants/ servants, etc; you will be specially fortunate in respect of your marriage- and business- partners. You will be lucky in respect of having a lucrative job or may earn a fortune by trading activities. You will remain in good health and your longevity will be high. You will enjoy sports and other pastimes. You will be religious minded and will be engaged in doing pious and worthy deeds. Socially you will be fairly popular and people will treat you with respect.

If your Ascendant is Taurus or Libra or Capricorn, as Jupiter will be exalted or in own house, you will become very happy in respect of your younger co-borns and you would do very well in academic and intellectual pursuits -- more so if Mercury is with it or aspects it. But if your Ascendant is Scorpio, as it will be debilitated, you may experience just the opposite results -- unless Saturn or Mars is fairly well-placed; besides, you may incur losses through unwise investments and become unhappy on account of children.

Saturn

Since Saturn is situated in your 9th house, you will have a studious and thoughtful nature, a religious spirit and a taste for philosophy. If your Ascendant is Taurus or Gemini or Aquarius, then Saturn will be exalted or in own house and you will be exceedingly fortunate. If Mercury is also well-placed, you will have high education and for continuing higher education or researches, you may go to a distant place or a foreign country. If the Sun or the 9th-lord is also strong or if Saturn is associated with or aspected by Jupiter or Venus, your father might be a self-made person who would rise to an influential position and leave a raised platform for you for having an advantageous start. In other cases, if Saturn is neither associated with or aspected by a natural benefic planet, you may have a tempestuous sailing in your journey through life as you will have to face wide fluctuations. If Saturn is associated with or aspected by a natural malefic planet, then you may incur sudden losses through deceit among marriage-relations and/ or through law-suits. If your Ascendant is Leo and

Mars is not well-placed, then you may meet with some dangers during long journeys and incur losses in distant or foreign places; head-injury also appears possible.

Moon

Since the Moon is situated in your 2nd house, you are likely to have changeful fortunes. The Moon gives better results when it is in Taurus (exalted) or in Cancer (own-sign); the results will also be improved if the Moon is 'waxing' and is either situated with or aspected by Jupiter or Venus; Jupiter or Venus situated in an angular (kendra) position will also be beneficial as auspicious yoga will be generated (Gaja-Keshari or Amala) which will protect you like divine grace. You will have gains from your mother and old married ladies and also from public dealings, travelling in foreign lands, etc. If Mars aspects the Moon, you may acquire an angry disposition although you will acquire wealth through aggressive means; If Mars is with the Moon, you will enjoy the results of 'Chandra-Mangala Yoga' and will become wealthy through real estate, property-rentals, etc. If Rahu is with the Moon, then your thinking might be somewhat confused. If Saturn is with the Moon, then you may have to undergo through many sufferings and may become very pessimistic. If Mercury is with the Moon or aspects it, then you may be restless and talkative.

If the Sun is with the Moon, then you will be sentimental but if the Sun aspects it, you would be emotional.

Rahu

Since Rahu is situated in your 7th house, you will enjoy 'mixed' results of good and bad. As Rahu obtains directional strength (Dik Bala), you will be fortunate in respect of public dealings and may have good gains from foreign trade; for forming collaborations with the foreigners and securing large gains from them, this position is highly favourable -- more so if Rahu is in sign Taurus or Aquarius or Virgo. But this position is not favourable for the health and well-being of your spouse -- more so if Saturn and/ or Mars is placed in the 7th or the 8th or the 6th house. However, if the 7th-lord is well-placed or if a natural benefic planet is situated in the 7th or the 8th or aspect these, then the results will be considerably improved. But if your Ascendant is Taurus, then you may be troubled by opponents and face many problems -- unless Mars is well-placed; if a natural benefic planet is with Rahu or aspects it, then also the situation will be improved.

Ketu

Since Ketu is situated in your Ascendant, you might had been born in fortunate circumstances. You may possess the gift of intuition and/ or will be a very clever person having far-sightedness in an unusual degree. You may have genuine sympathy for lower class people and they would treat you with due respect. You will be much attracted to philosophy and religion. Unless Ketu is in own star or is involved in star-exchange with a natural benefic planet, it may bring in some unusual problems in married life where the source of problem will be difficult to eliminate. If in addition Mars is situated in the 6th or the 7th or the 8th and Saturn is also similarly placed, then the health and well-being of your spouse is likely to cause you much of concern. If Ketu is situated in Rahu's star, then you might be prone to face accidental mishap. If your Ascendant Scorpio and Mars is with it or the Moon aspects it, or if your Ascendant is Pisces and Jupiter or Venus is with it, or if Jupiter or Mercury aspects it, then you would become very religious, enjoy the company of pious people and listen to religious discourses. You will not only become enlightened but will also be able to show light to others. If Mars or Saturn is close to Ketu, then you might acquire vices.

Uranus

Since Uranus is situated in your 2nd house, you are likely to experience sudden changes in fortune and your family-life can at times be like sailing on the tempestuous seas -- unless Jupiter or Venus is situated with it or aspects it. You may pass through many ups and downs in life, your financial affairs might become very uncertain and you may face fluctuations of extreme sort -- unless the 2nd-lord is well-placed. If a natural benefic planet is also situated with it or aspects it, the situation will be much improved; but if a natural malefic planet is also situated with it or aspects it, then the things may tend to go beyond control. If the Moon is close to it, then you may have eccentric tendencies and an ever-changeful mood. If Mercury is close to it, then you may invite unnecessary troubles through your utterances. If Venus is close to it, then some person of aristocratic background or connected

with the music fields may have fleeting ties with some of your family-members; in this respect you should better remain careful. If Mars or Pluto is with it or aspects it, then you might get into conflicts for uttering wrong things to ruffian people. If Neptune is with it or aspects it, then you may frequently have angry exchange of words with people of lower class.

Neptune

Since Neptune is situated in your 4th house, you may have to face some very undesirable situations. If the Sun is not well-placed, then your father may meet with some misfortune; if the Moon is not well-placed, then it could be your mother; if Venus is not well-placed, then your spouse might cause you troubles. You may suffer losses through deceitful land-lords or property-dealers or real-estate agents and you may have the risk of facing some danger at your own residence as a result of your enemy's design. However, if the 4th-lord is well-placed or if a natural benefic planet is in the 4th house or aspects it, then the things will be much improved; but if the 4th house is influenced by position or aspect of the malefic planet(s) only, then you may on your own leave your home and native place, opting for peaceful seclusion; but your mental condition may become deteriorated and you may have the risk of ending up in an asylum.

Pluto

Since Pluto is situated in your 2nd house, money will be the focal point in your life; you may effectively utilize your personal magnetism to gain control over other people's money by dint of your financial activities. But you must remain very careful and cautious as when your hopes and aspirations would seem to have been realized, you might be blown off your feet through extreme fluctuations and unexpected losses arising suddenly from unforeseen causes. However, things will be improved if the 2nd-lord is well-placed or if Jupiter or Venus is with it or aspects it; but if a natural malefic planet like Uranus, Saturn or Ketu is also with it, then the situation might only worsen and may go totally out of control. If Mars is with it or aspects it, then your younger brother may have an adventurous nature and bullying habits. Pluto in this position may give rise to physical discomforts or diseases -- if a planet is situated too close to it. If it is close to the Sun, then you may suffer from pyorrhea, goitre, disorder of the thyroid gland, etc; if to the Moon, then you may have hallucinations and obsessions; if to Mercury, then you may suffer from hearing problems or skin complaints and if to Venus, then you may have odourous feet or warts on them.
